How To Use This Trip Planner

This *Trip Planner* covers two regions: Getaway Country and Ontario East.

Each region is presented separately, and each section begins with a brief overview of the region. The name, address and telephone number of the Travel Association are also provided.

Each region's attractions are presented as a whole, listed alphabetically by community; then the region's accommodations are listed, followed by its campgrounds, likewise listed alphabetically according to the closest community.

To give you a more complete picture of the province, we've included highlights throughout each region. These include stories from history, in-depth descriptions of attractions, facts about nature and interesting splashes of local colour. We hope you enjoy them.

If you're looking for a particular community, campsite or accommodation, the index at the back of the *Trip Planner* will help you.

ATTRACTIONS

A brief description of each attraction includes information on its location, hours and rates of admission. We've included a telephone number—although the information supplied to us was deemed correct at time of publication, changes can occur—we recommend you call ahead before making a special trip.

Here is a typical Attractions listing.

Ottawa

What to do in Ontario?

In a word—Everything!

This huge, colourful, friendly and diverse place is a traveller's dream. From the southwest, Canada's southernmost area, to the north, there are a dozen fascinating regions, each one different, with countless sights to see and activities to enjoy. You *really* can do everything!

In Ontario.

Where to stay?

Ontario's network of accommodations includes everything from simple motels or rustic cottages to luxurious full-service resorts, and a whole range of hotels with every amenity. Many of Ontario's beautiful provincial parks provide excellent camping facilities, some full-service, others primitive, isolated and only water-accessible. There are also many excellent private campgrounds around the province with a variety of facilities and services.

Whatever kind of trip you're planning—whether it's a big-city luxury weekend, touring the regions, a relaxing resort vacation or a wilderness excursion—we've got just the place for you to stay.

Some Facts About Ontario

Who and where we are

A diversity as huge as the province itself awaits the visitor to Ontario. From its sophisticated modern cities to the vast, untouched wilderness; from the carefully tended vineyards of Niagara to the rugged northern forests; from some of the world's hottest shows to peaceful lakes where the call of the loon is the only music—it's all found in Ontario.

Canada's second-largest province covers 1,068 million square kilometres (412,582 square miles) stretching over 1,700 kilometres (1,056 miles) from its most southerly point, on the same latitude as northern California, to the Arctic waters of Hudson Bay, and 1,600 kilometres from west to east. The word "Ontario" is thought to mean "beautiful waters" in the original Iroquoian—and it couldn't be a more appropriate description! While over 70 per cent of the province is covered by forests, 20 per cent is comprised of water, with over 250,000 lakes, gouged into the rock of the Canadian Shield by the last ice age. Hundreds of kilometres of shoreline on four of the Great Lakes offer numerous recreational opportunities, from the rugged beauty of Lake Superior in the north, or the sailing paradise of Lake Huron, to the gentler shores and beautiful sandy beaches of Lakes Erie and Ontario.

It was 10,000 years ago when the first aboriginal people arrived in what is now Ontario. While some continued to wander, in the south other aboriginal nations settled down, erecting villages and farming the land. There were battles between the nations, but by the 1600s they had begun to band together into confederacies, and developed a democratic system of government.

The French were the first Europeans to arrive in Ontario, and at Sainte-Marie-among-the-Hurons you can visit the reconstructed Jesuit mission to the Hurons built in 1639. The lucrative fur trade drew the English to the wild

POW-WOW

shores of Hudson Bay only a few years later, but settlement in earnest began with the Loyalists moving north after the American War of Independence.

Today, there are two aboriginal language groups in Ontario: Algonquian, spoken by the Algonquin, Ojibwa and Cree; and Iroquoian, spoken by the Iroquois.

The French culture is still a part of Ontario, with Franco-Ontarians representing 5 per cent of the province's population of just over 10 million. Successive waves of immigrants have continued to enrich Ontario's culture, and its cities are microcosms of the world in their rich ethnic variety. Ontario is home to more than 60 cultures with distinct languages and traditions.

Ontario has a rich history and a dynamic, vibrant life today. There are countless interesting and exciting things to see and do. It's also a place of wonderful natural beauty. Whether you're looking for a vacation full of activities and sightseeing or something more restful, we want to help you choose the right place. We hope our *Trip Planners* will make your decision easier.

What's the temperature?

The climate here ranges from humid continental in the south to subarctic in the north. Temperatures are given officially in degrees Celsius with the Fahrenheit equivalent often added. For an exact conversion of °Fahrenheit to °Celsius: subtract 32 from number of °F, then multiply by 5/9. Conversely, multiply °Celsius by 9/5, then add 32 to get °Fahrenheit. For a quick reference, here is a partial conversion chart:

Due to Ontario's vast size, temperatures vary tremendously from region to region and even within the different regions. Generally, the lowest temperatures are recorded in January and the highest in July.

Ontario's Emblems

Official Flag:

The flag of Ontario is called the Red Ensign. It includes the Union Jack, representing our ties to Great Britain, and the Arms of the Province.

Official Flower:

The official flower of Ontario is the Trillium, a delicate, white three-petaled flower that grows wild in profusion in the woodlands of the province in early spring.

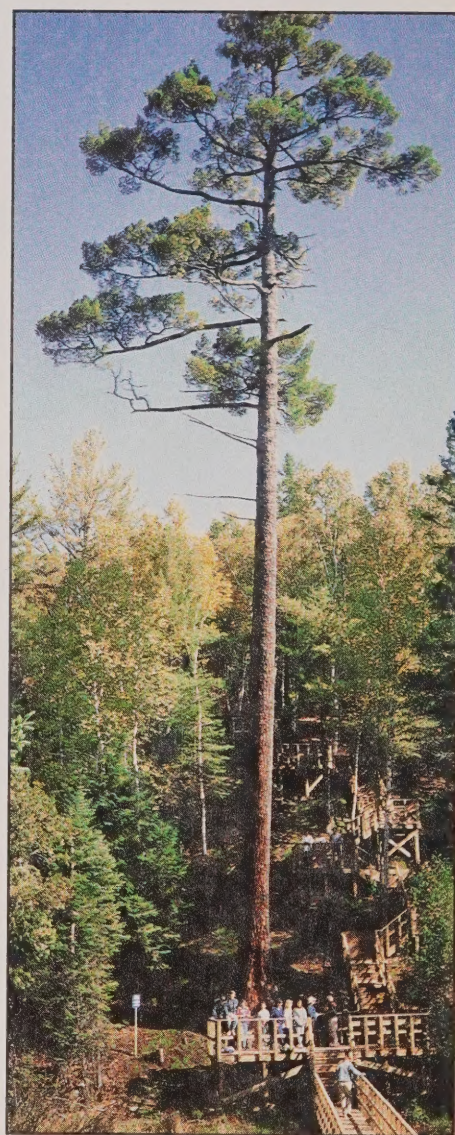

Coat-of-Arms of Ontario:

The arms of the province consist of a green shield with three golden maple leaves surmounted by the Banner of St George, a red cross on a silver background. The banner indicates our close ties with Britain while the colours green and gold are Ontario's official colours, and green symbolizes the land. Above the shield is a bear, with a moose and a deer supporting the shield, all representing the rich animal life of the province. The Latin motto is translated as "Loyal She Began, Loyal She Remains." The shield was granted by Royal Warrant of Queen Victoria on May 25, 1868, and the crest, supporters and motto by Royal Warrant of King Edward VII on February 27, 1909.

Official Gem:

Amethyst, the rich purple semi-precious gem, is the official gem of Ontario. Large deposits are found in North of Superior travel region.

Official Tree:

The Eastern White Pine. The White Pine was an important source of income and trade during the pioneering days, and continues to be a valuable resource for Ontario. Pictured here is the Kirkwood Giant Pine, the tallest tree in Ontario at 49.2 metres (161 feet).

Other Guides To Ontario

Scenic Tour Routes

ROUTE OF THE VOYAGEURS

Once the trading route of the voyageurs, now a comfortable, panoramic tour, 2,080 km (1,300 miles) lined with wildlife reserves, parks and wilderness area; from Hawkesbury to Kenora along the splendour of Lake Superior.

LOYALIST PARKWAY

94 km (59 miles) between Kingston and Trenton that take you via the Glenora ferry through scenic Quinte's Isle, past historic towns, rolling farmland and beaches, tracing the steps of the first Loyalist settlers.

FRONTIER TRAIL

1,600 km (1,000 miles) through the gold, silver and lumbering communities of the north, with some great fishing and sightseeing on the way; from Toronto the route takes you north to Hearst, then along Lake Superior, then north again to Kenora.

TALBOT TRAIL

The Talbot Trail follows quiet highways and country roads 400 km (245 miles) through three historic and picturesque counties and two regions; from Windsor to Fort Erie.

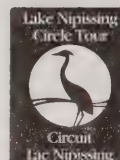

RIDEAU-TRENT-SEVERN TRAIL

680 km (425 miles) of canals, locks, parklands and open water linking Ottawa with Lake Ontario and Georgian Bay.

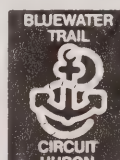

TERRY FOX COURAGE HIGHWAY

A splendid tree-lined stretch of 100 km (63 miles) between Nipigon and Thunder Bay, where an indomitable young Canadian prematurely finished his Marathon of Hope.

LAKE NIPISSING CIRCLE TOUR

Rich in history and folklore, Lake Nipissing has attracted visitors for more than 300 years. The 330 km (205 mile) route passes historic small towns, spectacular lookout points and the thriving city of North Bay.

BLUEWATER TRAIL

Stretches 1,120 km (700 miles) from Windsor to Manitoulin Island. And, as you may have guessed, tends to keep you close to the lakeshores and riverbanks.

WINE ROUTE

This route along the Niagara Peninsula takes you from Stoney Creek to Niagara Falls, past acres of vineyards and beautiful scenery. Many wineries—from cottage industries to large modern plants—offer tours to visitors.

• **More Scenic Tour Routes on page 12**

Scenic Tour Routes

HERITAGE HIGHWAY

From Windsor, 1,895 km (1,184 miles) to the Gaspé Peninsula of Quebec, this route traces a historic path of forts, battle sites and museums.

GREAT RIVER ROAD ROUTE

The Lake of the Woods Parkway is a scenic route extending 600 km (365 miles) into northwest Ontario.

LAKE HURON CIRCLE TOUR

This route takes you 2,240 km (1,400 miles) around Lake Huron, past sandy shores and rugged outcroppings, blue waters against limestone cliffs, through bustling modern cities and quaint, quiet villages.

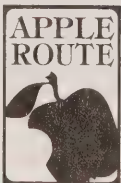

ALGONQUIN TRAIL

A circle tour of scenic lake country: small resort towns, country antique shopping, the majesty of Algonquin Park, wilderness and wildlife; from Napanee through to Algonquin Park and then south through Lindsay.

LAKE SUPERIOR CIRCLE TOUR

2,080 km (1,300 miles) of green forest, cascading waterfalls and towering cliffs border this, the largest freshwater lake in the world.

APPLE ROUTE

The main road of the Apple Route is Highway 2 between Colborne and Trenton, but there are several branches along the way into rolling hills and marshlands and past sandy beaches. All along the way are the apple orchards that give the route its name.

GOLDEN HIGHWAY

This cross-shaped route includes Highway 11 from Englehart north to Matheson and Highway 66 from Matachewan east to the Quebec border, with Kirkland Lake in the centre. The tour includes famous gold mines from the past and mines that are still producing today.

AFRICAN-CANADIAN HERITAGE TOUR

Retrace the steps of black refugee slaves who sought freedom by following the North Star to Canada. Six historic sites in Kent and Essex counties tell the story of the Underground Railway.

OIL HERITAGE ROUTE

Starting just south of Highway 402, the tour carries visitors to the birthplace of the modern oil industry and to family attractions as diverse as a performing arts hall, an historic working oil field and a museum.

WELLAND CANAL ROUTE

The Welland Canal Route takes you through the heart of the historic Niagara Peninsula. From Port Dalhousie on Lake Ontario it follows past and present canal routes through a dozen towns to Port Colborne on Lake Erie.

Ontario's Twelve Travel Regions

The province of Ontario is divided into 12 travel regions, each with its own distinct character, activities and attractions, and with its own Travel Association. The regions are indicated on the map opposite. To make planning your trip easier, we have grouped some of these regions to create four area *Trip Planners*, of which this guide is one. The *Trip Planners* cover the following areas:

South Central Ontario Trip Planner

Region 1 - Southwestern Ontario
Region 2 - Festival Country

Getaway Country

■ *Pilot's picturesque harbour, Prince Edward County*

From the eastern edge of the Greater Toronto region, Getaway Country stretches east through the rolling farmland that hugs the shores of Lake Ontario, and north into the rocky highlands and lake-dotted regions of Kawartha and Haliburton. Its varied and beautiful landscapes afford a host of different chances to escape from every-day routine.

If you head east from Toronto along the old Highway 2, the Heritage Highway, you'll pass

through lakeside towns full of old Ontario charm: gracious homes, picturesque churches, sailboats in the harbour.

Prince Edward County is Loyalist country – gentle farmland, a rich heritage, a unique island-like atmosphere – plus one of Ontario's greatest beaches.

You can cruise the Trent-Severn Waterway from Lake Ontario up to the Kawartha Lakes. This is

resort country, and you can relax here or further north in the lovely Haliburton Highlands.

Whatever your idea of a getaway, you'll find it here.

The Trent-Severn Waterway at Peterborough

Trent-Severn Waterway

What a way to go! The sparkling Trent-Severn Waterway is host to houseboats, outboards, canoes, rowboats, cruisers and sailboats making the leisurely voyage from Trenton, on eastern Lake Ontario, to Port Severn, on Georgian Bay, a distance of 386 kilometres (240 miles). This sheltered water highway covers 1,609 kilometres of shoreline, passing 160 major islands, through a myriad of lakes, including Rice Lake, the Kawartha Lakes (Lovesick, Buckhorn, Pigeon, Sturgeon, Stony and Balsam), Lake Simcoe and Lake Couchiching. Originally planned as a trade route, the system of 44 locks was started over 160 years ago with the construction of a small wooden lock at Bobcaygeon. It took almost 100 years to complete, and is now used almost exclusively for recreation.

Cities, hamlets, fields and forests all are left in the wake of this leisurely lock system. Marinas, stores, accommodation, boat and houseboat rentals, campsites and historic sites are plentiful. Outstanding fishing is sure to keep anglers smiling — pike, muskie, pickerel (walleye) and bass can all be caught in these waters. And the swimming's great all along the way.

McMichael Canadian Art Collection

The McMichael Canadian Art Collection is one of Canada's top public galleries and includes one of the largest permanent displays of works by Tom Thomson, the Group of Seven and their contemporaries. It also houses an impressive collection of Aboriginal and Métis art.

The McMichael is situated on 40 hectares (100 acres) of beautiful conservation land overlooking the Humber River Valley in the picturesque village of Kleinburg, 30 kilometres northwest of Toronto. The dramatic fieldstone and log building, which was once the home of the gallery's founders, has been expanded into an airy 9,000-square-metre (80,000

square foot) facility. It includes 14 exhibition galleries, a restaurant and a gift shop.

Works by contemporary painters, sculptors, photographers, folk artists and video and film-makers are often featured in special exhibitions.

The gallery is proud to note that five of the Group of Seven artists have visited the McMichael, and six of the group are buried in a small cemetery on the McMichael grounds: Arthur Lismer, Frederick Varley, Lawren Harris, Frank Johnston, A.J. Casson and A.Y. Jackson.

Prince Edward County

Prince Edward County is unique in Ontario. The only island county in the province (often called Quinte's Isle), it lies in the Bay of Quinte in eastern Lake Ontario, connected to the mainland by three bridges and a free ferry on Highway 33 (Loyalist Parkway).

Settled by Loyalists in the late 18th century, the area is still rich in reminders of this heritage. A leisurely drive or cycle around Quinte's Isle following the scenic Loyalist Parkway makes a delightful getaway. Neatly kept farms, historic small towns, antique stores, and bed and breakfast accommodations are special features of this peaceful region.

Picton is the main town on the island, full of charming old buildings and summer resort atmosphere and boasting a natural deepwater harbour. Visitors are drawn to Picton for its museums, parks, cultural festivals and lakeside ambiance. Quinte Summer Music, a music festival started in 1984, celebrates the human voice each summer.

An interesting feature in the area is Lake on the Mountain, a lake perched 62 metres (200 feet) above Lake Ontario, and said to be fed underground direct from Niagara Falls. Lake on the Mountain Provincial Park is a good spot for a picnic and has a good view of Picton Bay.

At the southwest end of Prince Edward County is Sandbanks Provincial Park. Sand dunes 25 metres (80 feet) high in spots and two long sandy beaches have made this a popular vacation spot and campground.

The lift locks at Peterborough

Peterborough

This bustling, attractive city with many reminders of the past is the southern gateway to the Kawartha Lakes region, and the major link in the Trent-Severn Waterway. It boasts the world's highest lift locks, literally lifting pleasure craft, along with the water they float in,

20 metres (65 feet) straight up. Peterborough also has one of Canada's highest fountains, the 77-metre (250 foot) Centennial Fountain in Little Lake, which becomes part of an illuminated boat spectacle on summer evenings during the city's Summer Festival of Lights.

Heritage Highway Getaway

The old Kingston Road from Toronto to Kingston, now Highway 2, passes close to the shore of Lake Ontario and through many picturesque towns and villages. A drive along this Heritage Highway is an ideal way to see an area of small-town Ontario that preserves the genteel and stately atmosphere of an earlier era. There are plenty of antique and curio shops, inns, bed and breakfasts and restaurants, as well as many scenic vistas.

The lakeside town of Port Hope has a decidedly Victorian look and feel to it with its 19th-century streetscape and the oldest surviving church in the Anglican Diocese of Toronto, St. Marks, built in 1822. The town hosts a series of fun events throughout the year, from its Dickensian Olde Tyme Christmas celebrations to a crazy raft and boat race on the Ganaraska River – a river that is reputedly one of the best spots in Ontario for rainbow trout fishing.

Just a few minutes east of Port Hope is Cobourg. Tree-shaded streets and impressive homes create Cobourg's solid, yet genteel atmosphere. The focal point of the town is Victoria Hall, built in a grand Victorian-Palladian style and serving as the town's main art gallery and concert hall. Cobourg was also home to another Victoria – Victoria College, opened in 1836 in an impressive Greek revival-style building. Hollywood's Marie Dressler is a Cobourg native and her birthplace is now a small museum.

A short drive east of Cobourg is Colborne and the Big Apple, the first stop on the Apple Route that takes you through some of Ontario's best apple country. The route continues past pick-your-own orchards, roadside markets and museums to Brighton, standing among the apple orchards near Presqu'île Provincial Park. The park is on the migration flyways of many bird species. Bird watching is best in spring and fall, but the park is a popular summer spot too with its wide, sandy beach and camping facilities.

Birch Cliff Lodge in Bancroft overlooks Lake Baptiste

Resort Country

Some of Ontario's most beautiful and most popular holiday areas make up Getaway Country. The Kawartha Lakes, forming the central portion of the Trent-Severn Waterway, stretch across the region. The southern gateway to the Kawarthas is the city of Peterborough, which boasts the world's highest hydraulic lift lock. From Peterborough there are cruises on the waterway and many other attractions.

The Kawartha region has excellent resort accommodations and in addition to the superb boating, you can enjoy canoeing, horseback riding, unique shopping and more. Nestled among the lakes are friendly and attractive communities: Fenelon Falls, Bobcaygeon, Lindsay, Cobocnuk and Lakefield.

Further north are the Highlands of Haliburton, a beautiful area of lakes, forests and cliffs with excellent hiking, boating and exceptional holiday resorts. Surrounded by more than 600 lakes, the town of Haliburton is a pleasant lakeland village with several interesting attractions. The area is popular in winter too, with cross-country skiing and snowmobiling.

The town of Minden is especially attractive during fall's celebration of colour. Nearby Buttermilk Falls, a 21-metre (68 foot) torrent from Halls Lake to Boshkung Lake, is a refreshing sight on a hot summer day, and the Panorama Park Lookout east of the Minden by-pass off South Lake Road, offers an excellent view of the surrounding area any time of year.

The Teaching Rocks: Petroglyphs Provincial Park

A hallowed place of mystery and awe – Petroglyphs Provincial Park is the home of Canada's largest concentration of aboriginal rock carvings. Found in 1954 at the east end of Stony Lake, outside the hamlet of Stonyridge, these well-preserved symbols and figures recount the aboriginal story of life. As each young male entered adolescence, the elders of the tribe would lead him to this site, guided by the sound of the waterfalls and special guide rocks. The medicine wheel told them that life began as did the sunrise in the east. Midday represented mid-life. The west meant old age, while the north referred to the afterlife. The spirits portrayed in the carvings taught that man must co-exist with nature. After each lesson, the elders would cover the stones with moss to preserve the carvings from erosion. The petroglyphs are now inside a protective building, and an award-winning film by the Ministry of Natural Resources, called *The Teaching Rocks*, reveals the mysteries as told and narrated by the Ojibway people. See listing page 33.

Oshawa: Motown Ontario

A short drive east of Toronto on Lake Ontario is Oshawa, Ontario's original motor city. A city of 132,000, Oshawa is an important part of the province's industrial base. It's also a city with an interesting past. General Motors of Canada began here, founded by the late Colonel R. S. McLaughlin, and the city is now one of Canada's most important centres of the auto industry. You can revisit the automotive history of the city in the Canadian

Automotive Museum, with vintage cars going back to the 1890s. Colonel McLaughlin's estate, Parkwood, one of the finest mansions in the province with acres of gardens and landscaped grounds, is open to the public.

Oshawa began as a lake port, and many historic buildings near the lakefront are a reminder of those early days.

The formal gardens at Parkwood in Oshawa

Ontario East

■ *The National Gallery of Canada, Ottawa*
Listing page 118

Two great rivers, the Ottawa to the north and the Saint Lawrence, frame this beautiful eastern corner of Ontario.

This is Canada's heritage land where 300 years of nation building has covered the landscape with glorious historical buildings. The capital city of Ottawa is here, seat of government and storehouse of the nation's treasures — museums and galleries housed in buildings that are themselves architectural gems.

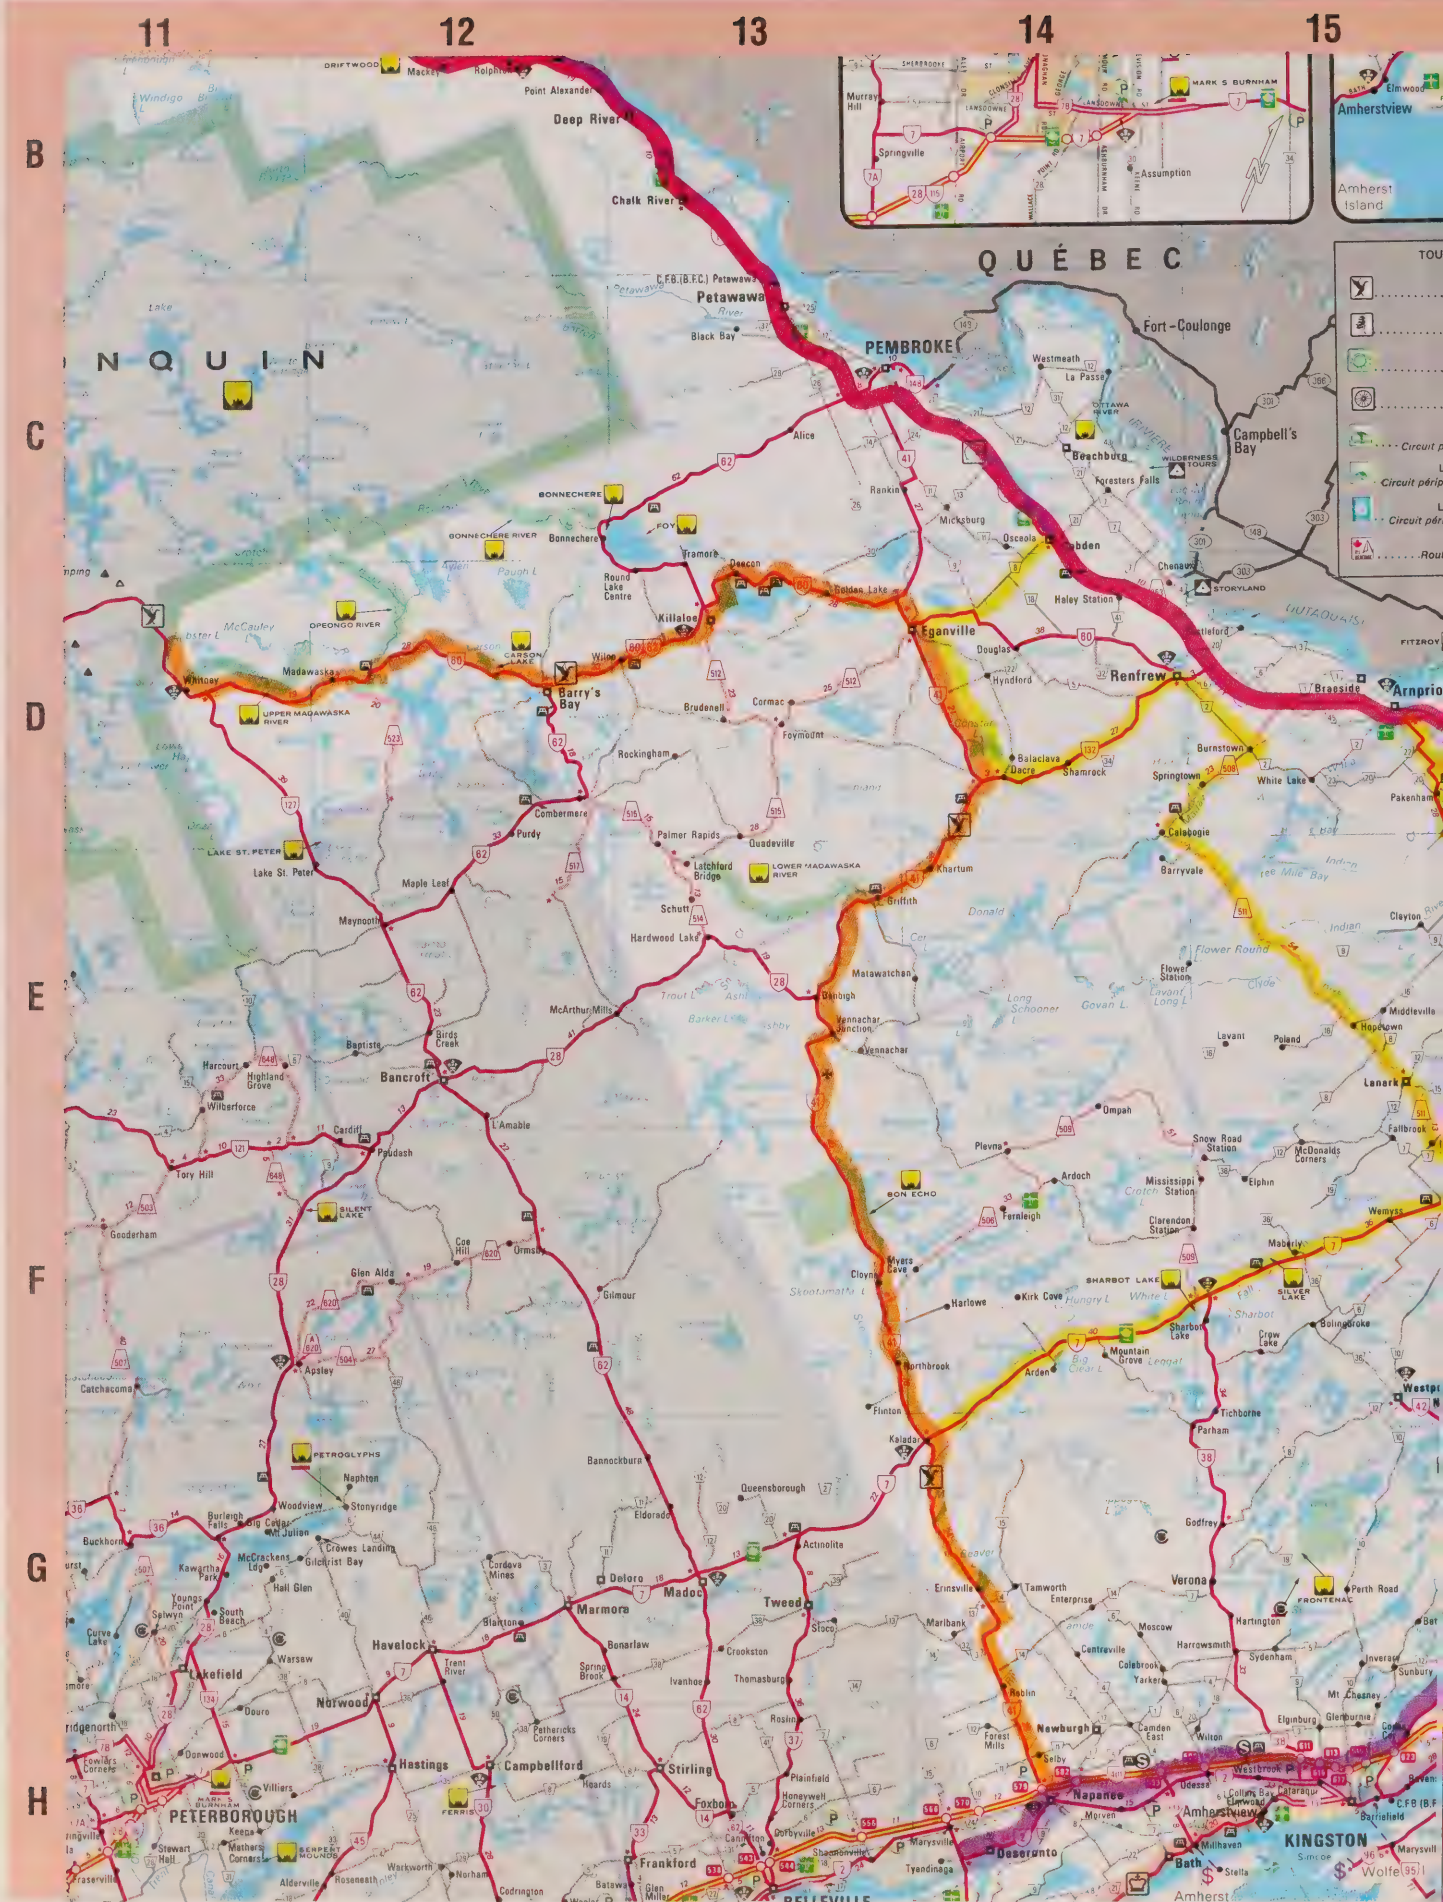

The historic Rideau Canal, so much the heart of Ottawa, starts here, and you can follow it down through beautiful lakes to its southern end in the gracious limestone city of Kingston, once itself a candidate for capital.

The Land O'Lakes Area—from Tweed to Denbigh, and from Kingston's outskirts to Napanee—encompasses over 450 lakes surrounded by rugged Canadian Shield and forest. Here, the fishing and camping are superb.

East of here lie the spectacular Thousand Islands, one of the most scenic spots on earth. And everywhere are reminders of the province's heritage. Classic Ontario at its best.

Kingston City Hall from the harbour

Kingston: History Abounding

Affectionately known as the Limestone city, Kingston is noted for its handsome, 19th-century limestone architecture. Once the capital of the United Provinces of Canada, Kingston built on a scale befitting a capital: its City Hall, 1843-44, is a fine example of the neo-classical style. The many 19th-century limestone buildings in Kingston give it a quite distinctive look and atmosphere.

Situated at the point where Lake Ontario flows into the St. Lawrence River and at the southern end of the Rideau Canal, Kingston is a true port city. Known as the fresh water sailing capital of North America, Kingston hosted the sailing events of the 1976 Summer Olympics and still hosts the annual Canadian Olympic Training Regatta. It is the

western entrance to the spectacular Thousand Islands region, and a starting point for a variety of cruises, both daily and overnight. The Marine Museum of the Great Lakes preserves the important heritage of Great Lakes shipping from 1678 on.

Kingston boasts more museums per capita than any other place in Ontario and there are some really unique events—the Kingston Buskers Rendezvous, for instance, bringing over 100 street performers from around the world to Kingston every summer. Add theatre, galleries, historic homes and buildings, an open-air market and some superb dining, and you have a splendid vacation destination.

Parks of the St. Lawrence

Take an area of timeless beauty, frame it with history — and what have you got! The Parks of the St. Lawrence, a chain of historic and recreation spots linked by the river of the same name, and the roads that run beside it.

The route begins at Adolphustown Park, a beautiful picnic ground on the shore of Lake Ontario, and site of a Loyalist museum. There's more history up the road at Fort Henry. Take a look across the St. Lawrence and you'll understand why the British built this fort after the War of 1812; the U.S. shore is just a short boat ride away.

As you travel east along the Thousand Islands Parkway, you'll pass a series of riverside parks, picnic spots and campgrounds. There are beaches, playgrounds, bicycle trails, and a host of recreational opportunities among the beauties of the Thousand Islands. Near Morrisburg, you'll come to one of North America's finest historic sites — Upper Canada Village, where life in 19th-century rural Canada is recreated. Nearby, there are beaches, a marina and the Upper Canada Golf Course.

Further east again, the Upper Canada Migratory Bird Sanctuary near Ingleside is a haven for countless bird species, and the Long Sault Parkway, linking eleven islands, affords another series of great picnicking, camping and bathing spots.

Upper Canada Village

This collection of 40 pre-Confederation buildings was brought to this site near Morrisburg and the "village" created at the time when the St. Lawrence Seaway project was causing the St. Lawrence River to rise above its former level. A system of parks and historic sites was created on the Ontario side of the St. Lawrence River. The project to save the buildings from the rising waters was one of the earliest heritage construction and preservation efforts undertaken in Canada.

Today, Upper Canada Village stands as a vivid, working reminder of the province's pioneering

days. The village contains homes with beautiful gardens, farms with planted fields, church, bakery, general store, doctor's house, cheese factory, school house, newspaper office, blacksmith, tinsmith and shoemaker's shop. Costumed villagers work the wool mill, sawmill, gristmill and blacksmith's shop. The tinsmith and cabinet maker work with their authentic tools and demonstrate the skills of the early settlers. Visitors can spend an entire day exploring the village and fully operational 19th-century farm.

Fort Henry: Defending Upper Canada

A living museum of the military life, Fort Henry was built between 1832 and 1834 to repel an American Invasion that never came. Stout towers bristle with cannon and the Fort's mighty walls protect powder magazines. The Fort's location offers a magnificent view of the waters where Lake Ontario, the St. Lawrence River and the Rideau Canal merge.

Once the largest military establishment in Upper Canada, the Fort now offers visitors a glimpse of the soldier's life of those days, through guided tours, museum rooms and interpretations. There's plenty of fun for children, who can get in on the act in the Children's Military Muster!

Ottawa is famous for its tulips

Ottawa: Canada's Capital

In the heart of Ottawa, rising dramatically from a bluff overlooking the Ottawa River, a massed group of great stone Gothic buildings tilt their verdigrised copper roofs and spires to the skies. These are the Parliament Buildings, seat of government, symbol of the capital, and the focal point of a city that has become a fascinating blend of English and French, historic and modern, ceremonial and casual. This is where Canada's heart beats, and where every visit to Ottawa should start. There are tours of the buildings, the colourful Changing the Guard ceremony on summer mornings, and on warm summer evenings, the Sound and Light spectacle against the backdrop of these majestic towers.

From here, the centre of Ottawa can be explored quite comfortably on foot. Many of the city's attractions are within sight of Parliament Hill. Confederation Square is the site of the National War Memorial, the National Arts Centre and the Government Conference Centre. The Sparks Street Mall is just across the square, and the By Ward Market, a popular area of cafés, craft shops, farmers' market stalls and nightclubs, is also a short walk from the Parliament Buildings. The Ottawa Locks of the Rideau Canal are close by and worth a visit. A flight of eight locks rises an impressive 24 metres (80 feet) from the Ottawa River at this northern entrance to the canal. And the Art Deco-style Supreme Court of Canada is a short walk to the west.

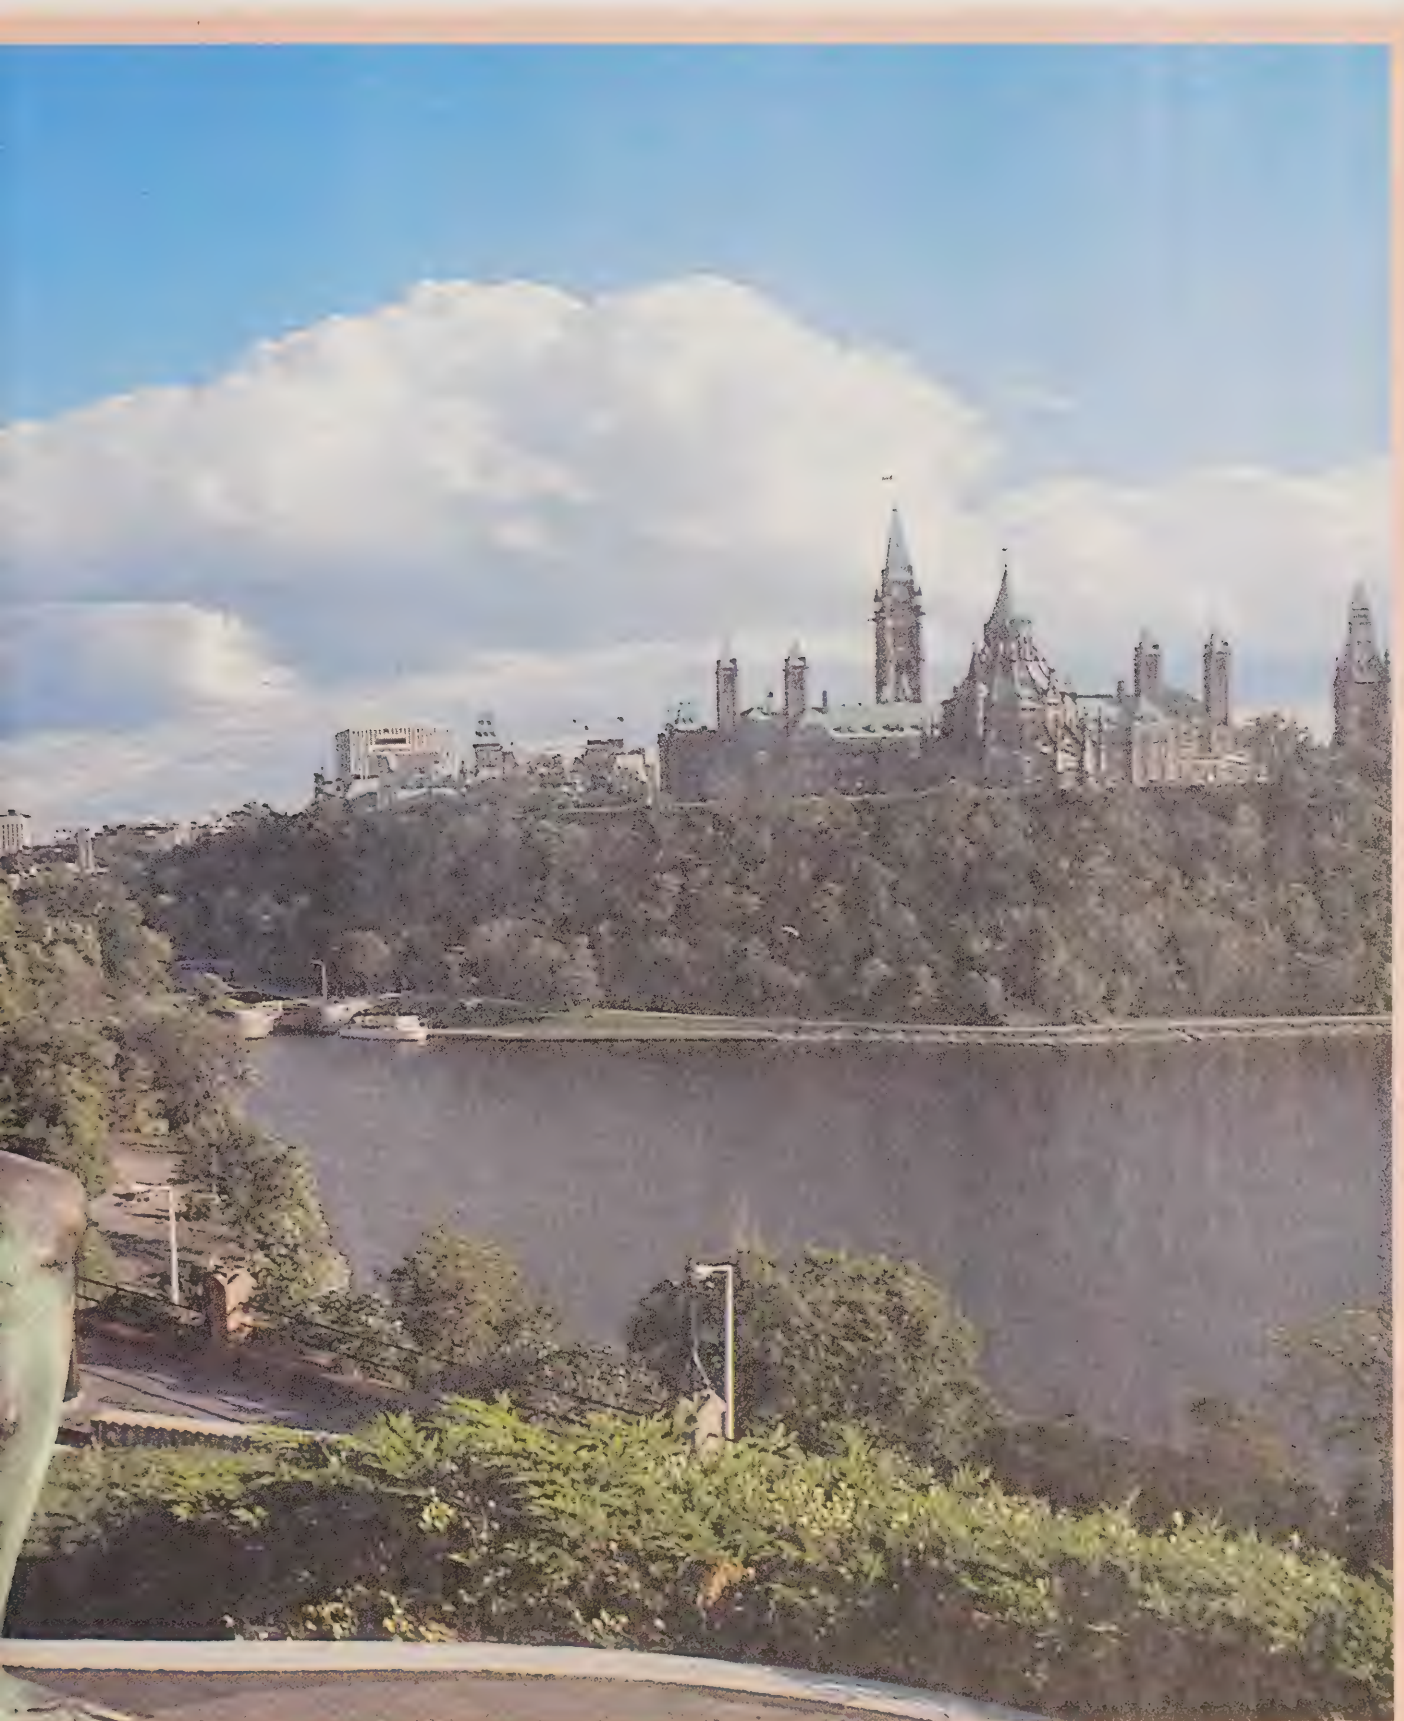

A focal point of the city's cultural life is the National Arts Centre with theatre, opera and ballet, and numerous other theatrical and musical presentations.

Ottawa is a city with plenty of green space in and around it. The Greenbelt is a band of protected wetlands and woodlands surrounding the Capital on the Ontario side of the Ottawa River, and includes Stony Swamp Conservation Area. The Central Experimental Farm in the heart of the city is 500 hectares (1,200 acres) of gardens and fields and offers horse-drawn wagon tours. Across the river is Gatineau Park, 356 square kilometres of camping, swimming, fishing, biking, spelunking and skiing.

Other city parks, including bike and walking paths along the Rideau Canal, make Ottawa a lovely place to get around on foot.

Ottawa's Festive Ways

Ottawa is both the nation's capital and a vibrant, colourful city in its own right. In its role as capital, Ottawa has more pomp and ceremony than most cities and there are special events throughout the year, such as the opening of Parliament, visits by heads of state, and the Remembrance Day ceremonies at the National War Memorial on November 11.

The city celebrates its heritage and its life with an eclectic mix of festivals. Mid-May brings out the tulips and Ottawa has literally millions of them. The annual Tulip Festival is a particularly fitting reminder of the friendship between Holland and Canada, a friendship strengthened during the Second World War when the Dutch Royal Family spent an enforced exile in Ottawa. The original gift of 100,000 tulips was the Royal Family's way of saying thank you.

Ottawa, with its sister city of Hull, forms the largest bilingual area in English Canada. It is the centre of Franco-Ontarian culture in the region and celebrates that culture every June with the Festival Franco-Ontarien. There's entertainment traditional and modern, crafts, foods and more.

Not to be missed if you're in Ottawa July 1 is the Canada Day Celebration held on Parliament Hill in honour of Canada's "birthday." This is an all-day party with marching bands, pealing bells, thundering jets and top entertainment. Another stirring ceremonial event is the daily Changing the Guard on Parliament Hill during the summer. Marching bands in scarlet tunics and bearskin "busbies" make this popular spectacle one to catch if you can.

Ottawa's winter scene is brightened every February with Winterlude, a festival held over the first three weekends in February, celebrating winter's special pleasures. The frozen Rideau Canal becomes the centre of the festival with ice skating and other winter sports, entertainment, fireworks, ice sculptures and much more. Winterlude is one of North America's biggest winter carnivals.

The Ottawa calendar includes a host of other festivals; popular among them are the Ottawa International Jazz Festival, the Central Canada Exhibition and the Gatineau Hot Air Balloon Festival.

Many Museums

Whatever your interest, Ottawa has a museum devoted to it, whether it be science or scouting, skiing or flying. The city is a mine of information, memorabilia, displays, designs and delights. Its national museums are the storehouses of the nation's heritage — and some of its most spectacular architectural visions.

The Canadian Museum of Civilization in Hull is housed in a flowing, curvaceous complex whose architecture reflects the vast sweep of Canada's geography. The museum traces Canada's history from prehistoric times to the present. Many exhibits are interactive, especially in the Children's Museum, and there are life-sized reconstructions of historic Canadian scenes. IMAX and OMNIMAX giant screen movies carry you into the action.

The National Gallery of Canada is an architectural gem with many treasures inside. The gleaming glass structure overlooking the Ottawa River houses the nation's artistic heritage as well as collections of European, Asian and American masterpieces. In its heart you'll discover a rare gem — the preserved interior of a convent chapel with an exquisitely decorated neo-Gothic fan-vaulted ceiling.

The Canadian War Museum displays Canada's military history through life-size "dioramas" — sight and sound displays that put you in the action — weapons, uniforms, badges and medals, as well as a large art exhibit.

The Canadian Museum of Nature contains exhibits of natural history ranging from the dinosaurs to the present. The evolution of the Earth is explored with displays of birds and mammals of Canada, minerals and plants. The Discovery Den has special exhibits designed for children.

The National Museum of Science and Technology puts the emphasis on hands-on displays and focuses on Canadian accomplishments and their impact on the country. Displays highlight the areas of transportation, communications, agriculture, industry and space. At night, the "Discover the Universe" program explores the world of astronomy with a refracting telescope.

The Agriculture Museum at the Central Experimental Farm preserves Canada's rural heritage.

The National Aviation Museum contains Canada's best collection of vintage aircraft and there are special programs for families and pre-schoolers. The Walkway of Time traces the history of aviation. Canada's own history of flying is related through exhibits, including the first bush plane, Billy Bishop and the Avro Arrow.

Tulip time at the Central Experimental Farm, Ottawa

Lock on the Rideau Canal

The Rideau Canal

The Rideau Canal, which stretches 202 kilometres (126 miles) from Ottawa to Kingston, is one of Canada's nine historic canals. Operated by the Parks Canada, the Rideau Canal is both a historic monument to the past and a working system that provides a navigable passage for recreational boaters. On the advice of the Duke of Wellington, the canal was undertaken shortly after the War of 1812. It was intended to serve as a supply route should the Americans launch another invasion.

One of the greatest engineering feats of the 19th century, the canal was completed in 1832. Through a system of 47 locks and 24 dams, the canal climbs 84 metres (275 feet) over the Canadian Shield and drops 49 metres (160 feet) to Lake Ontario. A trip along the Rideau takes you through tranquil farmland, beautiful quaint villages and towns, and several lovely lakes.

Within Ottawa itself the canal is an important feature of the city's daily life and there are sightseeing cruises on both the canal and the Ottawa River. In winter, an eight-kilometre (five-mile) stretch of the Rideau Canal in the heart of Ottawa is transformed into the longest skating rink in the world.

The canal's history is preserved at lockstations and in towns along its route, including the canal museum in Smiths Falls, and the historic lockstations at Kingston Mills, Jones Falls, and Merrickville.

For more information, contact the Rideau Canal Headquarters at (800) 230-0016 or (613) 283-5170 or write 34A Beckwith St. S., Smiths Falls, ON K7A 2A8.

● PARLIAMENT HILL

A site of architectural beauty, historical significance and federal decision-making - a visit to Parliament Hill is a must for every visitor to Ottawa. This year marks the 80th anniversary of the fire that destroyed the original Centre Block. Despite a paucity of men and materials, Centre Block was re-built in just four years. Parliament found quarters the next day in the Victoria Memorial Museum, the current Museum of Nature. (A new walking tour telling the story of this temporary seat of government will be launched at the museum in 1996.)

The current Parliament Hill construction program preserves this national symbol and architectural gem.

During the summer (mid-May - Labour Day), your first stop should be at the Info-tent, a large white tent located between the West and Centre Blocks. Here, you can be updated on the activities for the day and make your same-day reservations for tours on the Hill.

Refreshments are available at the West Block Courtyard, from May to September (weather permitting). A souvenir boutique is located in the Centre Block. There is no visitor parking on Parliament Hill.

PARLIAMENT BUILDINGS- TOUR OF CENTRE BLOCK

Visit the centre stage of Canadian democracy! You will see the chambers of the Senate and the House of Commons, the Hall of Honour, the Library of Parliament and the Memorial Chamber. A scenic drive through the Ottawa Valley

Picturesque Ottawa Valley

The Ottawa Valley's softly rolling landscape offers tranquility to visitors year round. Renfrew County, stretching along the Ottawa River from Ottawa up to Algonquin Park, prides itself on its warmth and hospitality. Lumbering was an important factor in the area's economy and towns such as Chalk River, Barry's Bay, Arnprior and Pembroke owe

their early growth to the forests. There are picturesque towns and villages throughout the county, and many recreational facilities and accommodations catering to families. Great skiing and snowmobiling make this a four-season getaway destination.

● CHAMPLAIN TRAIL MUSEUM

This museum was named for its location near the end of the trail of Champlain's first explorations in the area. An astrolabe dated 1613 (possibly Champlain's) was found here in 1867, and an exact replica can be seen in the museum. Also included in the collection are artifacts of the Ottawa Valley dating from prehistoric times to the early 1900s, many related to the lumbering industry and pioneer living. Located on the grounds are a one-room schoolhouse, a furnished, two-storey pioneer home and a variety of agricultural implements.

Cruising Down the River

The mighty St. Lawrence River, one of the world's great rivers, has played a significant part in Canadian history, from the early days when it was the principal route of the French explorers, right through to the construction of the Seaway and its continuing role as one of the world's major shipping routes, permitting huge ocean-going vessels to reach the heart of the North American continent.

Few stretches of the river are more beautiful than the Thousand Islands, an area described by Frontenac in 1673 as "the most delightful country in the world."

By the late 19th century tourists were flocking to the area. On both sides of the river and on many of the 1,800 islands elaborate summer homes were being built. One of the most famous of these, though it was never quite completed, is the extravagant Rhineland-style Boldt Castle, built by the then owner of New York's Waldorf Astoria, multi-millionaire George Boldt, and abandoned on his wife's death in 1904. It was his chef, Oscar of the Waldorf Astoria, who concocted the salad dressing named after the Thousand Islands.

This is one of many interesting stories you will hear while taking a leisurely cruise through this beautiful and fascinating area, still a playground for the rich and famous. The Thousand Islands communities from Kingston, through Gananoque and Ivy Lea to Rockport and Brockville, are starting points for one to three-hour cruises, and from Kingston you can also take a cruise of several days on a luxury river steamboat.

Although the islands are still largely in private hands, some 21 comprise the St. Lawrence Islands National Park, where you can camp, picnic and enjoy the rich natural heritage and beauty of the region.

And from the shore, you can take advantage of the Parks of the St. Lawrence campgrounds, picnic and lookout spots, and enjoy the view from the scenic Thousand Islands Parkway.

Truly still a delightful country!

Rafting on the Ottawa River

Whitewater Thrills

Foaming white water surrounds you, the spray in your face, you and your raft mates hurtle breathlessly down one of Canada's fastest waterways. Ask anyone who's done it, whitewater rafting is one of the most exhilarating experiences to be had. Two of Ontario's wildest rivers, the Ottawa and the Madawaska, offer thrills you won't forget. Listen to these names — Butcher Knife, Roller Coaster, Rock 'n Roll, Hell's Half Mile! Challenge these whitewater chutes, rapids and whirlpools at highwater time in guided

rafts, May through mid-June, or in summer in self-guided or guided rafts. And if rafting's not what you're looking for, how about going solo? Challenge the rapids one-on-one in a kayak! Experts will teach you the basics or advanced techniques and prepare you to take on the river.

Good luck!

Ottawa Valley French Heritage

The French presence in the Ottawa Valley goes back to 1615 when Samuel de Champlain was commandant of Quebec City, and undertook his first explorations in this area. The first European settlement in the area was at L'Original in 1674. The French population swelled quite a bit later during the late 1800s when French Canadians migrated to mill towns and lumber workings on the Ontario side of the river.

Today, the French flavor is very much part of the valley: in the lower valley counties of Prescott-Russell fully 75 percent of the population are francophone. Towns and villages have names such as St-Isidore-de-Prescott, Ste-Rose-de-Prescott, Lemieux, and Limoges. This is rolling, agricultural country, and you can get a breath of "french" air enjoying outdoor activities, including horseback riding, golf and camping.

Useful Information For Visitors

CREDIT CARDS

Most major credit cards are welcome in Canada, including American Express, MasterCard, Visa, Diners Club, EnRoute and Carte Blanche.

CURRENCY

We recommend that visitors use Canadian funds. Currency exchange offices, conveniently located at most of our travel centres at the U.S./Ontario border (see Page 8), offer a good rate of exchange and are open daily. A good rate of exchange is also offered at the currency exchanges at our international airports (Toronto, Ottawa) and at all banks and trust companies. Banks are generally open 10am to 4pm Monday to Thursday; to 6pm Friday. Most trust companies are open 9am to 6pm weekdays and Saturday mornings.

CUSTOMS AND IMMIGRATION

American visitors crossing the border, either way, may be asked to verify their citizenship with such documents as a passport, or a birth or baptismal certificate. Naturalized U.S. citizens should carry a naturalization certificate. Permanent U.S. residents who are not citizens are advised to bring their Alien Registration Receipt Card.

Citizens of other countries, except Greenland and residents of St-Pierre and Miquelon, must have a valid passport and some also require a visitor's visa.

Travellers under the age of 18 and unaccompanied by a parent need a letter of permission to travel in Canada from a parent or guardian.

As a non-resident of Canada visiting Ontario, you're allowed to bring in any reasonable amount of personal effects, a reasonable supply of food and a full tank of gas. Please note that certain agricultural and quota restrictions apply.

GIFTS

Visitors to Ontario can send gifts to friends or relatives in Canada, or can bring the gifts with them, and no duties will apply, provided the value of each gift does not exceed \$60 (Canadian funds), and they do not consist of tobacco products, alcoholic beverages or advertising material. Gift packages sent by mail should be plainly marked "UNSOLICITED GIFT" and the value should be indicated. Gifts valued at more than \$60 (Canadian funds) are subject to duties on the excess amount.

ALCOHOLIC BEVERAGES

Visitors arriving in Ontario who are 19 years of age or over may import, duty and tax free, for personal use either:

1.1 litres (40 ounces) of liquor or wine; or 24 x 355 ml (12 ounce) cans or bottles of beer, ale, or their equivalent.

Visitors can import more alcoholic beverages (up to 45 litres or 11.9 U.S. gallons), if they are willing to pay the Ontario fees and taxes in addition to the duties that apply.

TOBACCO PRODUCTS

Visitors arriving in Ontario who are 19 years old or older (19 on or after December 1, 1995) may import, duty and tax free, 200 cigarettes, 50 cigars, 400 grams (14 ounces) of manufactured tobacco, and 400 tobacco sticks.

If visitors bring in more tobacco products, they will have to pay the Ontario taxes as well as the duties that apply.

For detailed information write to:

Revenue Canada, Customs and Excise, Public Relations Branch, Ottawa, Ontario, K1A 0L5.

DUTY FREE SHOPS

Motorists crossing the U.S./Ontario border at 10 major points will be able to enjoy duty free shopping on the Ontario side for goods that are to be taken with them directly into the United States.

Here are the locations of our Duty Free Shops open year round. Please check ahead for hours of operation.

U.S. residents returning to the United States after 48 hours can take back \$400 US worth of merchandise, duty free, every six months. This may include one litre of alcohol (35 ounces), 200 cigarettes or 100 cigars that are not of Cuban origin. After a visit of 72 hours or more, if the \$400 exemption has already been claimed in the six months previous, an exemption of \$100 is allowed. After less than 48 hours, \$25 is allowed. For further information on entering or re-entering the United States, please contact U.S. Customs.

FIREARMS AND AMMUNITION

You may bring a hunting rifle or shotgun into Ontario as a visitor for hunting or competition purposes if you are 18 years of age or older, plus 200 rounds of ammunition for hunting, or 1,500 rounds for use at a recognized meet, duty and tax-free, up to a total of 5,000 rounds.

Firearms manufactured as fully automatic are prohibited entry, regardless of any conversion, and no firearms less than 66 cm (26") in length or with a barrel less than 46 cm (18 1/2") are allowed, unless they are being imported for an approved shoot, at which time a temporary permit is required in advance from a local police agency. So please, no handguns!

HOLIDAYS

Whenever we say Thanksgiving, we mean Canadian Thanksgiving, which falls on the second Monday in October.

Other public holidays in Ontario: New Year's Day and Good Friday, Victoria Day (May 24 or preceding Monday), Canada Day (July 1), Civic Holiday (first Monday in August), Labour Day (first Monday in September), Christmas Day and Boxing Day (December 26).

Many places in Ontario close on Christmas Day, New Year's Day and Good Friday; be sure to check ahead.

HOSPITAL AND MEDICAL SERVICES

Visitors are urged to obtain health insurance before leaving their home country. (It is possible that your health insurance does not exceed coverage outside your country of residence.) If you are taking medicine prescribed by your doctor, bring an adequate supply and a copy of the prescription in case it needs to be renewed by a doctor in Ontario. For further information and insurance details, contact your travel agent or insurance agent.

FISHING AND HUNTING

Residents of Ontario are required to have an Outdoors Card. Licenses are required for fishing and hunting in Ontario, and may be purchased from most sporting goods stores, tourist outfitters, hunting and fishing lodges as well as Ministry of Natural Resources district offices.

For information on seasons, regulations and licence fees, contact:

Ministry of Natural Resources
Natural Resources Information Centre
Macdonald Block
Room M1-73

Toronto, Ontario M7A 2C1
Tel: (416) 314-1177

LAND USE LAWS

The *Occupier's Liability Act* reduces a rural landowner's responsibility for the safety of non-paying visitors. Signs can be erected to indicate which activities are allowed on the property.

The *Trespass of Property Act* designates premises where entry is prohibited without notice. Entry on other property may be prohibited by notice. A red marking at least 10 cm (4 inches) in diameter is equivalent to a No Trespassing sign. Trespassers can be fined up to \$2,000 and ordered to pay any damages.

For a free explanatory brochure, write to:

Communications Branch
Ministry of the Attorney General
Main Floor
720 Bay Street
Toronto, Ontario

LIQUOR

Anyone 19 or over may buy liquor and imported or domestic wine and beer from government liquor stores. A large selection of domestic beer is available from Beer Stores. Outlets are located throughout Ontario. Drinking hours in licensed establishments are from 11am to 1am. In Ontario it is an offence to consume alcohol anywhere other than a residence or on licensed premises.

Please note: Driving motorized vehicles, including boats, while impaired is illegal. You can be convicted for refusing to take a breathalyzer test or having a breathalyzer reading greater than 80 mg (0.08%) of alcohol per 100 ml of blood.

PETS

Dogs and cats over three months of age entering Canada from the United States will need certification, signed by a licensed veterinarian, that they have been vaccinated against rabies. The certificate should provide a complete and legible description of the pet and the date of vaccination. Animals must be vaccinated in the preceding 36-month period and at least 30 days prior to re-entry into the United States.

POSTAGE

Canadian postage stamps must be used on all mail posted in Canada. Postage is 45 cents for post cards and letters up to 30g (1 ounce) destined for Canada, 52 cents for the United States and 90 cents (up to 20 gr) for other countries (1996 rates).

PUBLIC TRANSPORTATION

The province is laced with a network of regional and national airline flights, railways, bus routes and ferries. Charter flights will take you to more remote places. Thirteen airlines provide scheduled air service to 63 airports throughout the province. If you're already here and need a public carrier, contact a local travel agent or check the yellow pages, call the company and book direct.

Major Canadian carriers Air Canada and Canadian Airlines International can supply you with up-to-date schedules and reservations. VIA Rail Canada links most of the major cities in the province and connects with Amtrak and other U.S. rail lines at many border crossings. The largest bus lines are Gray Coach, Greyhound, and Voyageur Colonial.

TAXES

Eight per cent provincial sales tax applies to most purchases. Seven per cent federal goods and services tax applies to most purchases of goods and services.

SALES TAX REFUNDS

Visitors from outside Canada may claim a refund of the 7 per cent federal GST (Goods and Services Tax) on accumulated purchases of a minimum \$100, provided the goods are taken out of Canada within 60 days. Tax charged on hotel and motel accommodation is also eligible for refund.

Further information and application forms may be obtained by calling 1-800-ONTARIO.

WEATHER

Ontario weather is much the same as that of the northern United States. Temperature measurements are in Celsius. June, July and August are our summer months, when days are usually warm, though nights may be cool, particularly in the north. Medium to heavy-weight clothing is recommended from mid-September to mid-November and from mid-March through April. During the winter you'll need to dress warmly.

Rules Of The Road And Other Helpful Tips

AUTOMOBILES

• **CAA Service.** The Canadian Automobile Association (CAA) and its member club, the Ontario Motor League (OML), are affiliated with several international automobile clubs, including the American Automobile Association (AAA), and members are entitled to reciprocal benefits. Check the phone directory for CAA and OML listings.

• **Documents.** A valid driver's licence from any country is good in Canada for three months. However, as added identification you may wish to obtain an International Driver's Licence before your trip. If you're driving over the border, bring the vehicle registration forms and a free Canadian Non-Resident Insurance Card from your insurance agent, or the policy itself. Minimum combined Liability insurance in Ontario is \$200,000. If you're driving a borrowed car also bring a letter of permission signed by the owner. If you're driving a rented car, include a copy of the rental contract.

• **Gasoline.** Our service stations sell unleaded and premium unleaded gasoline (please note: leaded gas is no longer available). Many stations also sell diesel fuel, particularly along the highways. The number of stations offering propane and natural gas for motor vehicles is growing rapidly.

Some service stations close at 7 p.m. and don't open at all on Sundays. However, 24-hour stations can be found at larger centres and along main highway routes (400 series highways).

• **Rentals.** Automobile rentals are available at our international airports and in many of our towns and cities. With most companies, the minimum age is 21 with a credit reference.

• **Services.** The Ontario Provincial Police patrol the highways and other areas not served by municipal police services. You can reach them locally by calling one of the regional toll-free numbers listed on the Ontario Official Road Map.

If you are involved in an accident resulting in a personal injury or property damage over \$700, you must notify the police and remain at the scene of the accident until cleared by investigating officers. First aid stations are clearly posted along the highways.

Information on highway conditions in the province is available all year from the Ministry of Transportation regional offices; the 24-hour toll-free number is 1-800-268-1376. For the greater Toronto area, call the Road Information Office at (416) 235-1110.

• **Tolls.** International bridges, tunnels and ferries charge a fee but our highways are toll free.

Ontario traffic rules may be somewhat different from the ones you're used to. So here's a list of traffic tips for your Ontario holiday.

• **Bicycles.** Bicycles are considered vehicles and must obey the same traffic laws. Bicycles are not allowed on controlled access highways. The wearing of bicycle helmets is mandatory.

• **Hitchhiking.** Hitchhiking is not allowed on major (controlled access) highways.

• **Radar Warning Devices.** Radar Warning Devices are forbidden in Ontario, even if turned off and only being transported in your vehicle. Our police may confiscate such devices and fine you as well.

• **Right Turns on Red Lights.** Right turns may be made on red lights unless otherwise indicated. You must come to a full stop at the light, but may proceed with caution if the way is clear.

• **School Buses.** Traffic travelling in both directions (except divided roads or highways) must stop for a yellow school bus when its red lights are flashing and the stop arm is extended.

• **Seat Belts.** Ontario law requires that adults and children over 18 kg/40 lbs in weight wear them. Infants from birth to 9 kg/20 lbs in weight must travel in a rear facing child restraint system. Toddlers weighing 9 to 18 kg (20 to 40 lbs) travel in a front-facing child restraint seat.

• **Speed Limits.** Speed limits in Ontario are in kilometres per hour (km/h). Freeways have a speed limit of 100km/h (62 mph); the Trans-Canada routes 90 km/h (56 mph). Most other rural highways and country roads have a speed limit of 80 km/h (50 mph). In urban and other populated areas the speed limits generally range from 40 to 60 km/h (25 to 37 mph). Consult the equivalency chart below to familiarize yourself with speeds in kilometres.

• **Streetcar Stops.** Vehicles must remain at a standstill at least two metres (six feet) behind the rearmost door of a stopping or stopped streetcar for the safety of passengers boarding or alighting.

• **Studded Tires.** Studded tires are forbidden on Ontario highways.

• **Windshields and Windows.** Windshields and side-front windows must allow a clear view of the vehicle's interior and the colour cannot substantially obscure the interior.

1 Kilometre = 0.621 Mile (5/8 Mile) 1 Mile = 1.6 Kilometres

More Information On Camping In Ontario

Ontario Provincial Parks

There are over 265 provincial parks in Ontario. Provincial means the parks are owned, maintained and protected by the province. Many provincial parks are busy during the peak summer season. The campsite reservation service provided at the more popular parks is convenient and can help you avoid disappointment. Simply make your request well in advance of your arrival date by phone, mail or in person directly to the park, using VISA or Master Card. If you don't have a reservation, all the parks also have sites available on a first-come first-served basis. Reservations are not necessary for day visits.

Reservations are not required during the fall season, or at many Northern Ontario parks.

Some provincial parks accommodate motor homes and provide electricity. All provincial parks provide a trailer sanitary service. Also, all parks have some form of maintained washroom facilities. Food and other necessities can usually be purchased within the park or nearby. Pets are allowed in provincial parks provided they are on a leash not exceeding 2m (6 feet) in length.

For more information on Ontario's provincial parks and recreational areas, phone, write or visit:

Natural Resources Information Centre
Macdonald Block
Room M1-73
900 Bay Street
Toronto, Ontario
M7A 2C1
Telephone: (416) 314-2000

To alleviate overcrowding on canoe routes and hiking (backpacking) trails in major canoeing parks such as Algonquin, Quetico, Killarney and Frontenac, daily quotas on the number of people entering the interiors of these parks have been established. In these provincial parks, it is now possible to reserve an interior permit ahead of time. Also, to reduce unsightly litter and to help preserve their outstanding beauty, cans and bottles are banned in the interior of these parks as well as Lake Superior, where interior camping permits are available on a self-serve basis. Cans and bottles are permitted, however, in organized car campgrounds.

Campsite Vacancy Reports. To find out if sites are available, campers can phone the Campsite Vacancy Reporting Service before embarking on a trip. In operation from mid-June to Labour Day, this service provides a daily estimate of the number of campsites unoccupied in 55 parks.
Telephone (416) 314-0998 or 1-800-ONTARIO.

Operating Seasons

In Southern Ontario, most provincial parks are in full operation from mid-May until the Labour Day weekend; in Northern Ontario from early June until the Labour Day weekend, and possibly earlier.

When a park is in full operation, complete facilities and services are provided. These vary among parks and include comfort stations, showers, laundry facilities, electricity, firewood, garbage collection, running water and visitor services programs.

Provincial parks never really close and visitors are welcome during the off-season. Few facilities are maintained, but vault privies are generally open, fireplace grates are available and fees are generally collected through self-serve registration. Although some parks may be gated to prevent vehicular entry, all parks are accessible to pedestrians from sunrise to sunset.

Winter camping is allowed in some provincial parks, but it is important to note that most are unsupervised and facilities are limited. Some parks offer cross-country skiing as well. More information can be obtained from the Ministry of Natural Resources.

Crown Land Camping

There are some regulations about Crown or public land that you should know about.

Non-residents of Canada, 18 years of age and older, are required to obtain a permit to camp on Crown lands in Northern Ontario (the area north of the French and Mattawa rivers, from the northwestern to the northeastern borders of the province). These permits are available from most angling licence issuers and from MNR district offices. For further information, contact the local Ministry of Natural Resources district offices throughout Ontario.

Every Camper Must Prevent Fires!

Campfires must be set on bare rock or mineral soil. An area of at least 1 m (three feet) in width from the outside of the fire must also be bare rock or mineral soil. Fires must be kept under control, tended by a responsible person and be properly extinguished before the site is left.

Restricted Fire Zones - imposed in times or areas of serious fire danger - mean that no person shall start a fire outdoors for the purpose of cooking or obtaining warmth, except in a portable stove or charcoal installation.

Restricted Travel Zones also are imposed in times of severe fire danger. Forest travel is not permitted in these zones except under the authority of a Forest Travel Permit. Check with the local Ministry of Natural Resources office for current information on restrictions in each area.

Smoking. No person shall smoke while walking or working in a forest woodland during the fire season. It is an offense to drop or throw unextinguished smoking material in or within 300 m (1,000 feet) of a forest or woodland. And remember - responsible smokers sit down to smoke.

Trailer size limits for Ontario highways:
Maximum length 14.65 m (48 feet)
Maximum height 4.15 m (13.6 feet)
Maximum width 2.6 m (102 inches)

Maximum length:
Car and trailer-23 m (75.5 feet)
Semi-trailer-14.65 m (48 feet)
Trailer-12.5 m (39 feet)

If a vehicle is non-commercial such as a motorhome, its overall maximum width is 2.6 m (102 inches), including side mirrors. It is against the law to transport anyone in a house or boat trailer when it is in motion.
